**Subject:** Ballona Restoration DEIR/DEIS Comment Period Extended to Feb. 5, 2018  
Ballona Notice of extension 10262017 final.pdf

Hi Erica,

I received your voicemail. Great that EPA is planning to review the Ballona EIR/S. In case you didn't receive the notice, the comment period has been extended to Feb. 5, 2018:  
(<https://www.wildlife.ca.gov/Regions/5/Ballona-EIR>).

It would still be great to touch base about Ballona and how the restoration and TMDL compliance might be related.

Perhaps we can set up a call sometime in November, now that there is less urgency on timing?

Thanks,

Sarah
